## Drug Talks Worth Heeding

Does it not often happen that some little article or preparation is wanted that you hardly know whom to look to for it?

If that is a frequent case with you then try us.

Our modern Drug Store carries a very varied stock of goods among which are not only Medicines and Sick-room Supplies, but articles of comfort, toilet articles, bath goods and sundries of every description. In fact hundreds of little things you would not know we had, unless you came to Our Store and saw them.

That is just the point. We want you to come and visit our store, make a trip of inspection. We invite you to call and look our stock over and let us explain anything you wish to know about in the store.

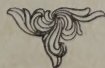

We want to show you our goods—prove to you why you should trade here no matter what you should want—show you the extremely high quality of everything we sell and prove to you the many opportunities for practicing economy.

In the line of high class goods we can supply you with anything from the complex prescription to a box of stationery, and everything supplied will be the lowest in cost when our high quality is considered.

# Report of Board of Health

---

According to the census of 1910, Sunapee has a population of 1,071, and during the year ending February 15, sixteen deaths have been reported, which is a very low per cent. During the year there has been reported but four contagious diseases, three of measles, and one of tuberculosis which proved fatal. The law now requires that a culture from all persons suspected of having tubercular trouble be sent by the attending physician to the laboratory of the State Board of Health, the diagnosis of which is kept confidential unless death ensues, when the local Board of Health are required to disinfect the home by methods prescribed by the State Board of Health. By this method, much good is being accomplished in stamping out the white plague in New Hampshire.

Sunapee Lake is now under the watchful care of a State Inspector and is reported to be the best protected lake in the state. Any violations of sanitary regulations governing the lake are solicited by this office and will receive prompt attention. Sanitary conditions in the village are fairly good but demand occasional attention from this Board. We regret that it should be found necessary for the Sunapee Dam Corporation to shut back the water at the lake over Sunday during the summer months, and should the future reveal that such action is detrimental to public health, some steps will be taken to remedy the trouble.

Respectfully submitted,

ALBERT D. FELCH, Secretary.

Sunapee, N. H., February 15, 1912.

# Report of Fire Department

---

In submitting our annual report, we feel that we can say that the Department is in a strong working condition the same as in former years.

We have bought five hundred feet of hose for Hose No. 3 at Georges Mills.

The most serious fire was at the Ben Mere Inn, and the small money loss which it caused shows very strongly the way in which the Department handled it, and must show to the people of the town that the Department is very important.

There have been three box alarms and four stills attended to during the past year. Amount of property endangered was \$25,400. The loss on same was \$600, which was all covered by insurance.

Thanking the people of the town for their support and the members of the Department for their promptness and good work when called for duty, we are

Very truly yours,

F. M. SARGENT,  
ALVAH T. YOUNG,  
CLELLAN Q. MUZZEY,  
ALVIN A. YOUNG,  
J. FRED EASTMAN,

## Trustees' Report

---

A comparison of the number of books loaned from the library in the past year with those of previous years, shows that the people are, more and more, enjoying its privileges.

While the general taste is for books of fiction, and we have endeavored to gratify it to a reasonable extent, we wish to emphasize the fact that we have some valuable biographies and histories and books of travel, entertaining as well as instructive and of recent date. Among them is a Photographic History of the Civil War. This work is unique in the fact that its 3,500 illustrations are from the celebrated Brady photographs taken at great risk and expense on the spot and at the time.

We gratefully acknowledge a check of fifty dollars from Mrs. Richard M. Colgate, who, in making the gift, expressed the wish that it might be expended in books of history, travel, and biographies of well-known men. Her wish was complied with. Mrs. Colgate has also given eleven books to the library, most of them for juvenile readers.

Through the kindness of Mr. I. G. Rowell, the library room has been well heated another year without charge. This is a great saving to us and is surely appreciated.

Respectfully submitted,

CHARLES H. OSGOOD,  
MARTHA H. ABBOTT,  
MARILLA M. BAKER,

Trustees.

# School Report

---

TO THE INHABITANTS OF THE SCHOOL DISTRICT OF SUNAPEE:

In making their annual report, the school board would remind you that the statistics and roll of honor are made up for the school year ending with the spring term, while the financial report is to the close of the financial year, Feb. 15, 1912.

Soon after the school meeting last year, the second member of the school board, the Rev. H. J. Foote, accepted a call from Suncook, N. H. At the request of the people of Georges Mills, the school board appointed Mr. Geo. H. Gould to fill the vacancy. We wish to remind you that this appointment of Mr. Gould is valid only until the next school meeting, so you will have two members to elect to the school board.

We are pleased to record the graduation last June of A. Lloyd Alexander, who was the Valedictorian, Ethel M. Corliss, Ruth A. Holmes, Percy H. Osborne, and Ralph H. Cooper, who was the Salutatorian. The graduating exercises, held at the M. E. Church, reflected honor on both teachers and scholars.

Your school board considered it advisable to re-open the Wendell school. Taking into consideration the fact that most of the parents desired a school there and as there were about twelve scholars, eight of whom are below the third grade, we trust our action will meet with your approval.

Repairs and improvement this year have been made on the school-houses at Georges Mills, Wendell, and South Sunapee. The school-house at Georges Mills was repainted and interior work was done such as papering and painting.

The Wendell school-house was in a dilapidated condition and necessitated considerable work. We had to put up the partition between the entry and main room, replace broken laths, do con-

siderable plastering, repaper, varnish the interior woodwork, and we also deemed it advisable to put on a steel ceiling both in the main room and entry. The South Sunapee school-house was in fair condition excepting the ceiling, and, inasmuch as we were putting on a steel ceiling in the Wendell school, we thought best to put on a steel ceiling in this school-house also.

The following changes have been made in our teaching force this year: Miss Lillian Harris tendered her resignation at the close of the winter term. Miss Alice Rowell, our teacher at No. 6, was transferred to fill that vacancy for the spring term. Miss Mary B. Benson was procured to fill the vacancy caused by the changing of Miss Rowell. Miss H. Jane Copp, the principal's assistant, also resigned at the close of the school year and Miss Sadie Lovejoy, our teacher at South Sunapee, took her place. Miss Elsie Gove was procured to fill the vacancy caused by the changing of Miss Lovejoy. Miss Mildred M. Connor ended her services at the Georges Mills school at the close of the spring term and Miss M. Bertha Dreghorn of South Braintree, Mass. took her place. As Miss Rowell was transferred to the Wendell school beginning with the fall term, we appointed Miss Schneider to teach the sixth, seventh, and eighth grades formerly taught by Miss Rowell. As Miss Benson ended her services at the end of the spring term, we appointed Miss Ruth A. Felch to fill her place.

As there has been some misunderstanding regarding the signal for no school, would say we have adopted the following plan: for no school in the forenoon, the Hame Shop whistle will blow three three's at 7:45 a.m.; for no school in the afternoon, the same signal will be given at 11:45 a.m.

The truant officer's annual report contains the following statement in regard to the school children in the district: number of children between the ages of five and sixteen, boys 88, girls 73, total 161.

FRANK F. ROWELL,  
HATTIE M. SMITH,

School Board of Sunapee.
